Kyle,

This will confirm our conversation of February 6, in which we agreed that Tropical Solutions will be servicing our property on a quarterly basis. As you stated the cost will be \$720 per quarter, a total of \$2,880 per year.

Please confirm by acknowledging receipt of this email.

Thank you.

Carol Santelle  
President  
Ironwood Villas Condominium Association

Good morning, Carol,

In response to your voicemail we are confirming a quarterly service for Ironwood Villas starting in April. Is there a day in April that works best for you? As far as repairs, do you want to select a pre authorization amount or do you need everything quoted to be approved? As well, it would be helpful to have any known irrigation concerns ready and available for the technician so that he is not as frequently approached by residents.

Thank You,

Kyle Hudgens, Owner  
Tropical Outdoor Solutions Inc.
